Logos and all art, when possible, should be a vector file, which includes EPS and files from programs such as FreeHand and Illustrator. Preferred image file type is 600dpi tiff, or Photoshop file. Smaller than print size JPG, PNG, and/or GIF files may result in a less than desirable image.

The "Distributor" information on the left side of the label must be kept in place and at the same size.

Colors of mandatory elements shown in these layouts can be changed, though they must maintain **high contrast** to the background.
